Size:26.5×18.5×8cm

Assemble the game base plate and blocks as per building instruction.

2 ways of assembling blocks shown in instruction.

A

Stage A
easy level

B

Stage B
hard level

1

2

Assemble all figures choose your favorite figure and put it onto the red block.

Let's explore the secret of block game.

I can solve this fill-in-block problem.

It's all like construction as per my experience of profession.

Have I traveled through another spacetime?

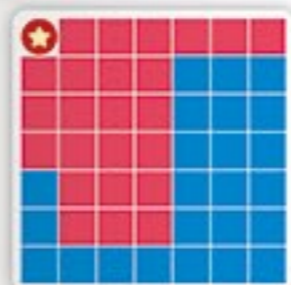

74

1				
2		3	4	
6		7	8	
10		9		11
		13		12

as shown in left photo, choose the position from 1 to 13 where your character figure will stand.

When your figure stand in position "1", place all blocks in the game base plate until it's all filled, then the game wins.

Based on 13 positions, there're 13 different arrangement.

A

Stage A
easy level

Disassemble all blocks of A stage and assemble into B as per instruction.

B

Stage B
hard level

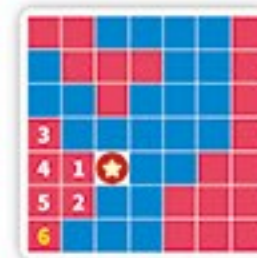

3

4

5

Upgrade game difficult level

Based on 13 positions, who fills up game base plate and so as to the red blocks are more closely around the character, who will win the game.
